#### **Spraggett 2<sup>nd</sup> – Calvia International, Spain**

In this 9 round swiss, which finished Oct. 23, that included 29 GM's and 19 IM's, GM Kevin Spraggett, 5 time Canadian Champion ( 2580 ), defeated IM David Larino Nieto of Spain in the final round. This allowed him to come clear second with 7/9 pts., 1 pt. behind the winner, GM Victor Mikhalevski of Israel ( who was undefeated, giving up only 2 short draws in the final rounds when he had the tournament won ).

FM Anton Kovalyov of Argentina, 15 years old ( who is now going to make Canada his home ) drew in the final round to end with 6/9 pts ( his rating of 2510 will immediately make him the fourth highest FIDE rated Canadian, ahead of Pascal Charbonneau – 2507 – in fifth place ! ). IM Igor Zugic, 2006 Canadian Champion ( who will represent Canada in the next FIDE World Cup ) won his final round game to also end with 6/9 pts.. They both tied for 12th/25th.

In round 8, Kevin played a nice exchange sacrifice to bring home the win. Here is the game ( Annotations by Bob Armstrong, using Fritz ):

Congratulations Kevin, as well as Anton and Igor !

Kevin, for personal reasons, has been reticent to play in Canada over the last number of years ( he mostly resides in Portugal and plays in Europe ), but Canadians still follow his career with pride and interest – he is one of Canada’s strongest players ever.

### **Howard Ridout**

( submitted by Erik Malmsten : Ed.- fitting, given the final report on our SCC Howard Ridout Memorial Swiss below this article ; games referred to are in the newsletter games database, with Malmsten annotations )

In reading my collection of historic newspaper columns I sometimes came across one-time Scarborough Chess Club regular Howard Ridout, whose name is the annual fall tournament.

On April 30, 1932 the *Toronto Daily Star* mentioned that H. F. Ridout, then 17-years-old, of the Beaches Chess Club won a silver medal in the Intermediate City Tournament at the Toronto Chess Club (Adelaide and Church). In the inter-club league Beaches, with Howard on last board, finished second to Todmorden (Chestnut Hall, Broadview Ave.). In the next season Howard moved up to second board.

On November 20, 1933 the headline was “Ridout Alone Defeats Marshall” at a simul at the Jordan Chess Club (College and Spadina). A Danish Gambit, Howard punished the American Champion for not castling. The game given in Malcolm Sims *Evening Telegram*’s chess column is in the attached database:

### **Frank J. Marshall — Howard Ridout**

In 1934 Howard finished in the middle of the Toronto Championship, 7-6, as was reported in *Chess Review*.

In 1944 Howard played in the championship of the Ulster Chess Club (Church St.), 2.5-4.5. In October the Toronto Chess League had a Chess Festival at the Central YMCA attended by 300. Howard Ridout took on all comers at "rapid transit," five seconds a move.

In October 1945 Howard gave a chess simultaneous at the West End YMCA, +17-3-2. He lost to nine-year-old Ross Siemms, future Canadian junior champion. Howard played in the Toronto Chess Club Championship.

The September 6, 1946 *Globe and Mail* had a photo of Howard with his wife Hilda illegally giving a helping hand in the game with Captain J. Rauch in the Dominion Chess Championship at the Central Y (College and Yonge). In his *Toronto Daily Star* chess column Charles Crompton published his win over Howard.

Also in 1946, Howard was the organizer for the East Toronto versus West Toronto match, entries sent to him at The Lindens, Bain Co-op.

In 1948 Howard was the Vice-President of the Gambit Chess Club and in 1950 the Tournament Director.

In March of 1951 Howard tied for second in the Ontario Chess Championship.

In the 1951 Dominion Championship in Vancouver Howard scored 3-9. In the *Star* chess column a lost to J. M. Taylor was published. But Howard had also defeated Montreal's Maurice Fox, eight times Canadian Champion, the game in the database:

### Maurice Fox — Howard Ridout

Howard lived in Vancouver and played in B.C. Championships starting in 1953, finishing second in 1957, 5-1. In the 1957 Dominion Championship he scored 3.5-5.5.

He moved to Winnipeg and, reported in *Canadian Chess Chat*, in the second Canadian Open he scored 6.5-3.5, tied for sixth, winning \$50. In 1960 he tied for second in the Manitoba Open, 4-1.

In 1960 Howard returned to Ontario for the third Canadian Open in Kitchener, scored 5.5-4.5.

Howard's address (near Main and Gerrard) was published as the person to send entries to for the 1964 Canadian Open. Howard became President of the Metro Chess League the next year. On February 1, 1965 *the Globe and Mail* reported that Howard was one of the Scarborough Chess Club players who played a match with prisoners at Collin's Bay.

In the prison Howard gave a demonstration of Kriegspiel, as he often did to us youngsters at the Scarborough Chess Club on Macey Ave.. Kriegspiel is played on three boards, the players can only see their own moves and the referee has the real position on the middle board. Howard and I wrote an article on Kriegspiel for the *CFC Bulletin* # 28, May 1978.

In 1965 *Canadian Chess Chat* published a fun game from the Scarborough Chess Club:

In 1968 Howard played in the seventh Canadian Open in Toronto, 6-4. In 1970 the *Star* chess column advertised that Howard and Mike Stewart were giving a duo simul at the Scarborough C.C..

In the *Star* of March 23, 1971 a photo was published of Howard looking over a group of kids. This is how I and Mark Dutton met Howard, at his annual kid tournaments held at Neil McNeil Catholic High School and the Woodgreen Community Centre. All the prizes were chess books or equipment he donated. I still have the wooden chess board I won. Instead of written pairings he used the rotating table system of round-robin (after each game you move to the right, except for one player).

In the July 3, 1976 *Star* chess column in the Star Dobrich published a Ridout (1829) upset win over Ivan Theodorovitch (2136), the tenth highest rated player in Toronto. I've added the game to the database. Theo is creating a passed pawn on the Queenside and Howard's queen is attacked, how can he save his position?:

### Ivan Theodorovitch — Howard Ridout

In the 1980s Howard often organized weekend tournaments and was a member of the executive of the Metro Toronto Chess League.

Howard would often give simul in shopping malls to promote the Scarborough club. His smile and enthusiasm were part of what made the Scarborough Chess Club the friendliest club.

### SCC Howard Ridout Swiss – Final Report

56 players ( a new record for the more recent SCC ) registered on Thursday, Sept. 13, to start the two section, 7 round, Howard Ridout Memorial Swiss. This is a new format the club is trying for this swiss, with the top section being 1700 & Over, and the bottom section U 1700. There were 24 players in the top section ( including 1 master and 5 experts ) and 32 in the lower section. It was a bit crowded, but we had sufficient sets, clocks, tables and space to make it work.

After 7 rounds, the winner in the 1700 & Over section is club president and master, Bryan Lamb, having only given up one draw in the 7 rounds. In second place, a full point behind at 5.5 pts., is new member expert Alex Ferreira . In the last round he defeated expert junior girl Yuanling Yuan, to take second, and drop here to third, with 5 pts..

In the U 1700 section, there is a tie for first, the winners after 7 rounds being veteran Silvano Mesiti and new junior Jerry Z. S. Wang , each with one loss ( Jerry defeated Silvano in the final round to catch up with him ). In third with 5 pts. is Steve Douglas.

In the top section in Rd. 6 on Bd. 1, master Bryan Lamb continued his stranglehold on the lead by defeating expert John Hall. He launched a vicious K-side attack, sacking his N, that forced John to sac his Q for N + R + 2 P. Here is their game ( Annotations by Bob Armstrong, using Fritz ):

In Rd. 6 in the lower section on Bd. 2 , new junior Jerry Wang had a wild opening against Masoud Jizan. Initially Masoud had R + 2 P vs B + N and a " winning " advantage. But as the game went on the tables turned and Jerry ended up with 3 minors vs R. But he made his life more difficult when he dropped a B. He still went on to win. Here is their game ( with annotations by Bob Armstrong, using Fritz ):
