NORTHERN

2

6 June 1983

This second issue of **Northern** gives the ratings intermediate between CCE #60 and #61. One of the problems with more frequent lists is that events are more likely to be rated out of order. We have solved that. When the #61 list is made up, events will be rated **again**, with any additional events inserted in the correct place.

When you see a crosstable, how can you tell whether it is a first run or a final run? By the tournament number printed in the top right corner. Continuing the order from CCE #60, the Red Deer CC Ch should be event 33-481. The person who receives that event with **Northern 2** will find that it is numbered 83-1481.

Are ratings in **Northern** official CFC ratings? Yes. The only difference is that they are subject to adjustment by events submitted late being slipped into the proper order.

Why can't we use the same method with the ratings in CCE? First of all, time. As the number of events rated in one batch gets large, time taken is proportional to the square of the number of events (that's the way our computer program works). Second, we need to update the membership data base with the new ratings so that players can have them on their mailing labels. Once that is done, the earlier ratings have been written over.

This list represents all ratable events received up to 2 June 1983. Noteworthy by their absence are Belleville Spring Open, Feb 25-27 (original report apparently strayed in mail; organizer has promised another copy); Knights of Spring (Apr 29 - May 1); Keres Memorial and Toronto May Open (May 21 - 23). Knowing the mails, the latter two wouldn't have arrived yet even if they were mailed right after the event. All other events listed in **Coming Events** have been rated.

We have decided to combine **Northern** with **The News**, the CFC's information sheet that was supposed to go out to journalists on a regular basis. The new arrangement will ensure that journalists receive something six times a year.

FIDE Ratings FIDE has put out a new set of rules. For Swiss tournaments the most noteworthy change is rule 4.75:

4.75 At least four games in the event should be against opponents with pre-tournament ratings.

That means a Swiss event now cannot possibly qualify for FIDE ratings if there are less than 4 FIDE-rated players in it. Therefore FIDE has rejected the Tournois de l'Est. The Toronto Open Premier section with 7 FIDE-rated players has been rated, but only for those players who had four or more FIDE-rated opponents. I think that FIDE will eventually discover this to be inflationary, as players who are having bad tournaments will be less likely to play four FIDE-rated opponents. For example, in the Toronto Open, 1 more win than loss was rated.

Because of rule 4.75, we will no longer allow tournaments to be announced as "FIDE Rated" in CCE unless there is a reasonable expectation that sufficient FIDE-rated players will take part. We will allow the phrase "FIDE Rated for those who play 4 or more opponents who already have FIDE ratings".

FIDE NEWS FIDE will soon be moving its head office from Amsterdam to ... no, not Manila, but Lucerne, Switzerland. Graz and Vienna, Austria, also made attractive "bids" to host FIDE.

Two Year Cycle Traditionally the World Championship has been held every three years. The Executive Council of FIDE has approved a two-year cycle. The regulations must be drawn up and the 117 member nations of FIDE must give majority approval, so this is not **fait accompli**.

1984 Olympiads Venezuela and Indonesia both withdrew their bids. Greece and the United Arab Emirates both have options until July 23.

Candidates' Matches - Semi-Finals The Women's all involve Soviet players and will be organized by the USSR Chess Federation. FIDE received 3 bids for Kasparov - Korchnoi. Briefly: USA \$50,000; Netherlands \$50,000 and Spain \$12,500. On other grounds the USA bid is better, but there is always the traditional European preference. There were no bids for Ribli - Smyslov. FIDE has ruled that the semi-finals must begin before 1 August and end before 1 September.

Canada will be sending Todd Southam to the World Cadet in Bucaramanga, Colombia, Aug 2-17 and Doug Bailey to the World Junior in Belfort, France, Aug 12 - 28. We will also field a team in the World Youth Team in Chicago, Aug 21 - Sept 4. We will not be "sending" a team as the individual players must bear their own expenses. Due to technical difficulties we have not yet determined the composition of the team, but Jean Hebert and Ian Findlay are on it.

Canadian News The Manitoba Open (49 players!) was won by Dale (not to be confused with Neil or Wayne) Kirton 5.5 ahead of Fletcher Baragar and Eugene Knight (5). Ontario Open had only 63, won by Lawrence Day 5.5. Then Dave Ross (5), Les Bunning (rated 1807, bottom of Premier section!) and Doug Bailey 4. Keres Memorial had over 130. Won by John Donaldson (Seattle) ahead of Bob Zuk. Montreal Spring Open won by Kevin Spraggett 5.5 ahead of Igor Ivanov, Jean Hebert, Jean Desforges and Thomas Balla, 4.5. All of the preceding were held on the Victoria Day weekend. London Open (first rated event in that city in years to attract over 15 players) David Jackson 5-0, Mike Coleman 4. Vancouver Island Open (Nanaimo BC) Jeff Byerly (USA) & Brett Campbell 4.5. Ontario High School (122, Waterloo) Alex Kuznecov 6-0, Bailey, Puri 5-1. Kitchener-Waterloo Open (38) Kuznecov 4.5, Deen Hergott, Dave Ross 3.5. Printanier du Specialiste in Montreal, Spraggett & Hebert 4.5/5. 4 Tournoi de l'Est Ivanov 5-0, Spraggett & Daniel Rousseau 4.

International Karpov won the 50th Soviet Championship 9.5-5.5, ahead of Tukmakov 9, Balashov & Polugaevsky 8.5.

Asian Cities Championship This brilliant

event was marred by fixed matches as the Chinese teams connived lopsided victories in the late going. "Winner" was Beijing (26), which had been the beneficiary of 4-0 surrenders by Hangzhou and Chengdu. Djakarta copied the Chinese by fixing a later match. The top honest team was Surabaya (Indonesia), which placed third on 23. The final ceremonies were boycotted by FIDE President Campomanes. The Chinese in one stroke managed to undo the tremendous good will they have built up over the past several years. (taken from Ian Rogers' report in *Players Chess News*).

Sources of International News NY Times column by Byrne, *Sovietsky Sport*. But the best source of chess news is *Players Chess News*, a tabloid issued every two weeks (NB: this recommendation applies only to the publication). The cheapest way to subscribe is to become a "B" member of the Association Internationale de la Presse Echiqueene (World Chess Journalists) by sending 258.82 Danish Crowns (available as a bank draft from your bank) to: Ove Eriksen, Fjordvej 165, 5330 Munkebo, Denmark. The second cheapest way is to send \$us 32.60 direct to: *Players Chess News*, 1710 Silverlake Blvd, Los Angeles CA 90026, USA. The most expensive way is to become an "A" member of AIPE (this option open to chess journalists only; send a copy of your column) by sending 345.10 Danish Crowns to the Denmark address above. Subscriptions run by the calendar year when dealing through AIPE. I'm not sure how the direct subscriptions are dealt with. "A" members of AIPE are eligible to vote for the "Chess Oscar" and are occasionally sent review copies of books and free tournament bulletins.

Another good source of news are the press releases produced by the USCF. Journalists may get on their mailing list by sending a copy of their column to USCF, 186 Route 9W New Windsor, NY 12550. USCF cleans out their list regularly, so you should send a current column copy every six months.

CFC Annual Meeting will be held July 13-15 in the Debates Room of Hart House, University of Toronto, 10am - 3pm. Rounds 6-8 of the Canadian Open will take place starting at 6pm just a few blocks away. All CFC members are welcome, but only Governors have a voice or a vote. The interesting bits are likely to come with the Incoming Board, meeting on the 14th and 15th.

How to subscribe to NORTHERN. Cost for 1 year is \$6.00. Send to the publisher:

Chess Federation of Canada
Box 7339
Ottawa, Ont K1L 8E4

Journalists and affiliates receive *NORTHERN* of charge.

BRUCE HARPER

Who played the best game of chess in 1981? Unlikely as it seems, there is a chess magazine that answers this, and many other, questions. It is called the *Chess Informant*.

Published twice each year, the magazine contains 500 or 600 games each issue, all annotated by top players.

The games are arranged according to openings, with an elaborate system of categorization, so that you can quickly find any new developments in your favorite lines.

What makes the *Informant* universally read is the unique symbolic language developed by the editors. No words are used in the notes to the games, these being replaced by a surprisingly versatile chess language invented about 15 years ago.

The pieces themselves are represented by figures, similar to those used in diagrams, so that players from Mongolia to Manitoba can read the game scores.

To obtain a copy of the chess counterpart to the *Hitch-Hiker's Guide to the Galaxy*, contact the Chess Federation of Canada, Box 7339, Ottawa, Ontario, K1L 8E4, or your favorite game or book store.

The best game? The game Kasparov-Andersson, played at Tilburg, was chosen by a panel of nine distinguished Grandmasters.

The winner is now ranked number two in the world, the loser number four. □
